Better access with EZ-Proxy

Off campus and need to find an article on JSTOR or Infotrac? Access to the library's collection of electronic subscription databases is simple with EZ-Proxy. Simply log in, using your campus username and password.

EZ-Proxy is coming soon! Keep in touch with the library through our web page or Facebook for more information.

Art exhibit

The Friends of the Swedenborg Library cordially invite you to an art exhibit of works by *Broads with Brushes*, a group of six Bucks County, PA artists, that will be on display throughout fall term.

An opening reception will be held on Sunday, September 8 between 4 pm and 6 pm. All are welcome.

New casual study space

A comfortable seating area for quiet reading and study is now ready for you on the upper (stacks) level of the library. Made possible by the Friends of the Swedenborg Library, this space is an alternative to the carrels and group-study tables already found on this level. Try it out and let us know what you think!

Get your barcodes!

Before you get caught up in the whirl of fall term, come to the library to get your barcode. It's quick and easy and *absolutely necessary* for accessing library materials, including class reserves and interlibrary loan services. Bring in your new campus ID card to set up your account.

Faculty members who sign up receive a coupon worth up to \$2.00 at College Grounds!

BI-Lines is published 3 times a year and is made available in print and online by The Swedenborg Library.

Swedenborg Library Mission Statement

Our mission is to provide materials, information and services to support the academic programs of Bryn Athyn College; and to acquire, preserve and promote New Church collections and archives for use throughout the world.

FOSL used book sale

Save the date! The used book sale sponsored by the Friends of the Swedenborg Library will be held Friday, September 27 and Saturday, September 28 in the Friends Room. Stop by and take advantage of the great selection of used books at bargain prices.

Change your mind

Changing your mind is more than revising a decision or altering an opinion. Whenever you encounter something new or different, the structure of your brain actually changes—new neural pathways and connections are formed. This is essential for good brain health. It can be exciting and fun, too.

Get started on your brain journey today. Watch for the displays throughout the year, and check out those books that pique your curiosity. Start blazing your own new knowledge path. Our librarians are here to help.

Easy access fiction

Great reading is now just a short elevator ride away. Our popular fiction/mystery collection has moved close to the elevator and stairs, and next to the new study area on the upper level for your browsing and reading enjoyment. Stop in to check out our new titles or revisit old favorites.

Our collection of audio-visual materials is now more accessible, too. Find them on the main level in the hall near the bookstore. And, did you know paperbacks can be taken from our 'browserly', with no checkout needed?
