

## **Graduation Requirements for the Data Science Minor:**

- Meeting all of the Core, Residency, and Major requirements for graduation.
- No more than six 200-level or higher course credits of the minor may double count toward the requirements of any major.
- Completion of the Data Science Course Requirements below, with a grade of C- or better.
  - Computer Science 105 or Computer Science 180 [Computer Science 180 recommended]
  - Mathematics 130
  - Computer Science 206
  - Business/Computer Science 215
  - Computer Science/Mathematics 230
  - Three or more credits at the 200-level or higher in courses, internships, independent studies, or a capstone project requiring analysis of a significant data set (check with the program director for qualification)
    - If a capstone project is used to fill this requirement, the credits do not count toward the maximum of six credits that may double count toward the requirements of the major.
